ABOUT

Aspiring Software Engineer with strong foundation in **Data Structures, Algorithms, and Object-Oriented Programming**. Hands-on experience in **Machine Learning**, Web Development, and Databases. Skilled in building scalable applications using Spring Boot, MySQL, and Python, with a problem-solving mindset and experience in version control using Git.

EDUCATION

KIET Group of Institutions, AKTU

Sept. 2023 – present

B.Tech – Computer Science & Engineering (Artificial Intelligence)

Kendriya Vidyalaya

2020 – 2022

Senior Secondary (Central Board of Secondary Education)

Mount Carmel School

2020

High School (Indian Certificate of Secondary Education)

PROJECTS

TelConnect – AI-Powered Telecom Complaint Intelligence & Operation Platform

- Aug. 2026

Built and deployed an AI-powered telecom complaint intelligence platform using Python, FastAPI, React, scikit-learn, DistilBERT, LangGraph, ChromaDB, and SQLite. Implemented classification, sentiment/urgency analysis, escalation-risk, explainable priority scoring, **RAG-assisted resolution**, analytics, and REST API integration.

Machine Learning Models Suite (Decision Tree, KNN & Preprocessing)

- Jan. 2026

Built end-to-end ML pipeline including data cleaning, feature scaling, and model training. Implemented Decision Tree and KNN algorithms and compared performance using evaluation metrics. Optimized model accuracy using hyperparameter tuning and preprocessing techniques.

Hostel Room Allotment System (Full-Stack)

- Nov. 2025

Developed a full-stack web application using **Spring Boot, MySQL, and Thymeleaf**. Enforced **CRUD operations** for room management and student allocation. Designed relational database schema and ensured efficient data retrieval. Automated room assignment process, reducing manual effort and errors.

Personal Portfolio Website

- July. 2025

Designed and developed a responsive portfolio using **HTML, CSS, and JavaScript**.

TECHNICAL SKILLS

Programming Languages: C, C++, Java, Python

Web & Frameworks: Spring Boot, REST API, HTML, CSS

Databases: PostgreSQL, SQL, SQLite

ML/AI: scikit-learn, DistilBERT, LangGraph, ChromaDB

Tools & Platforms: Git, GitHub, VS Code, PyCharm, IntelliJ, Railway

Core CS: Data Structures and Algorithms, OOPS, DBMS

CERTIFICATIONS

AWS Certified Cloud Practitioner

Nov. 2025

Generative AI – OutSkill

Nov. 2025

AWS Certified AI Practitioner

April. 2026

AWS Certified Solutions Architect - Associate

May. 2026
